My dominant learning style is _____.
Therefore I learn best by _____.

Visual learners: visualize yourself successfully performing a task, take notes, write out everything, keep a journal, use maps, charts and flash cards.

Auditory learners: tape lectures, read notes or textbooks out loud, summarize material and tape yourself, explain things to others, make a song out of items you need to memorize, listen to music as you study.

Tactile learners: take notes, underline or highlight important facts, make a scrapbook act out a story or event, walk through a series of instructions, build a model, draw a picture.
